

# Protecting communities strengthening the resilience of those most at risk

Discover our best practices in protection coordination through our partners, networks, and the people we serve, between 2023 and 2025.

The Northwest Syria Protection Cluster Accountability Report is accessible at <https://nws-protection-cluster.bahar.ngo/>. Developed with the valuable support of media teams from IYD, BAHAR, and Skafak, the website presents a comprehensive overview of key protection achievements and initiatives.

It features:

- A short video outlining protection coordination efforts in 2023-2025.
- Documented best protection practices from field partners.
- Findings from focus group discussions (FGDs) conducted with key stakeholders.
- Outputs of technical sessions held between April and May with partners to improve coordination during the transition phase.
- A full repository of resources developed by the Protection Cluster and Areas of Responsibility (AORs) over the past two years.
